

Cristian Brinza

Full-Stack Developer

As a proficient Developer, I have a passion for visually appealing and user-friendly websites, applications and other types of projects. Proven my ability to deliver high-quality work, adapt to new technologies, collaborate with cross-functional teams, and stay currently with industry trends.

I am a young software-engineer student, at the beginning of my career, having a ton of ambitious ideas and the motivation and discipline to realize them in management, design and development.

Skills

- **Front-end:** HTML, CSS, React, JavaScript/TypeScript, SASS, DOM Manipulation, Bootstrap, API integration, Webpack, Redux, GraphQL, Tailwind CSS, Material-UI, JSON
